Statement

I am providing this statement regarding an incident that occurred during the above cricket match involving an adult player, Hamza, and a 15-year-old participant.

During the match, Hamza approached the boundary area where the 15-year-old player was present. While near the boundary, Hamza directed threatening and intimidating comments towards the child. Specifically, he stated words to the effect of, **“I’ll come and get you after the game.”**

The comment was made by an adult towards a minor and was perceived as a threat. The young player appeared distressed and concerned by the remark. The behaviour was inappropriate and raised immediate safeguarding concerns for the welfare and safety of the child.

Due to the nature of the threat and the potential risk to the young player, those responsible for the child’s welfare took precautions to ensure his safety. As a result, arrangements were made for the 15-year-old to leave the ground before the conclusion of the match to avoid any further confrontation or risk of harm.

In my view, the conduct displayed by Hamza was unacceptable and contrary to the principles of safeguarding young people in cricket. All players, officials, and spectators have a responsibility to provide a safe and respectful environment for children participating in sport. Threatening language directed by an adult towards a minor is inconsistent with these responsibilities and caused significant concern at the time of the incident.

I believe the above account to be true and accurate to the best of my knowledge and recollection.
